High Quality Photo Books

If you are on a budget and do not want to spend the money for a custom designed AsukaBook. We offer 2 types of "Flush Mount" style Photo Books that "Lay Flat". These books have a thicker stock paper, but offer the same high quality images at a more affordable price. The books will still be custom designed, but can only be purchased in 25, 50, or 75 pages. In addition, these will not come with any type of covering or protective sleeves. These books look fantastic and are a unique alternative to a standard or flush mount photo album.

You have total control what goes on the cover of your book – edge to edge, front, back or spine. Our photo covers are printed on Fuji Crystal Archive album paper coated to create a durable, scuff-resistant pearl-gloss finish

Our unique binding system allows every page spread to lay flat without any gutter or unsightly seam to separate your pages. This system combines beautiful presentation with incredible durability.

** I have examples in my studio of each if you would like to take a look.
